

**BORDERS**

**BETOTOP**

## ADVANTAGES

- Profile to finish concrete curbs aesthetically
- Easy installation
- Self-locking
- Wide application scope: both new projects and renovation projects which have already concrete curbs
- Top quality: 316 stainless steel or high-quality Cor-ten steel
- Irregularities (height) between concrete borders are mutually perfectly captured by the length of Betotop
- Easily removable protective film

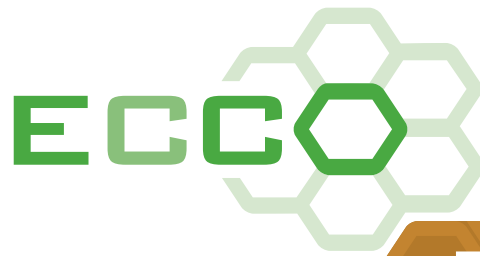

## APPLICATIONS

### **SUITABLE FOR ALL AREAS ON WHICH NO DRIVING TAKES PLACE, SUCH AS:**

- Garden path borders
- Pond edges
- Terrace borders
- Flower bed and lawn borders

### **SUITABLE FOR ALL AREAS, INCLUDING ONES ON WHICH DRIVING TAKES PLACE, SUCH AS:**

- Driveway borders
- Parking area borders
- Access road borders
